LYCEE AMYOT D'INVILLE – SENLIS

Situation A : épreuve écrite commune en trois parties

Durée : 1 heure

Queen Elizabeth II has died

She died peacefully on Thursday afternoon at her Scottish estate, where she had spent much of the summer.

The Queen came to the throne in 1952 and witnessed enormous social change. [...] Queen Elizabeth II's tenure as head of state spanned post-war austerity, the transition from empire to Commonwealth, the end of the Cold War and the UK's entry into - and withdrawal from - the European Union.[...]

Few could have foreseen she would become monarch but in December 1936 her uncle, Edward VIII, abdicated from the throne to marry the twice-divorced American, Wallis Simpson.

Elizabeth's father became King George VI and, at age 10, Lilibet, as she was known in the family, became heir to the throne. [...]

Through the war, she exchanged letters with her third cousin, Philip, Prince of Greece, who was serving in the Royal Navy. Their romance blossomed and the couple married at Westminster Abbey on 20 November 1947, with the prince taking the title of Duke of Edinburgh.

She would later describe him as "my strength and stay" through 74 years of marriage, before his death in 2021, aged 99.
